MEMORANDUM FOR: [REDACTED]

SUBJECT: Proposed Assignment upon Return
to Headquarters

1. We have studied your Field Reassignment Questionnaire with interest in which you expressed your preference for your next assignment. You have been informed, no doubt, that ORR has regretfully concluded that your assignment to the Foreign Service Language School would not be feasible at this time. I know you must be disappointed, but since your second choice, on the contrary, appears to be not merely feasible but of great positive interest to us, we hope you will not be too downhearted.

2. [REDACTED] both are happy at the prospect of your return, and we all believe that with your experience and background you will be well qualified for work in our Far East Branch. We anticipate your assignment will include participation in the analyses underway on the economy of Communist China and also provision of current support to OGI on behalf of the branch. We look forward with real pleasure to your return, and we are sure that you will find the new assignment both stimulating and rewarding.

Sincerely yours,
